**herd heading
bulls . . .**

56

**herd building
females . . .**

27

**cows with
calves at
foot . . .**

Dependable brood cows, the kind that produce a calf EVERY year, will be a feature of this dispersion. Here are three of them. From left to right they are: Crichton Rhuna Clara (not selling), Robinwood Rosebud (Lot 28), and Louada Augusta Eva (Lot 21).

True Buckmaster's Dispersion

AT TRINITY STOCK FARM, PORTLAND, INDIANA

MONDAY, OCTOBER 6, 1958

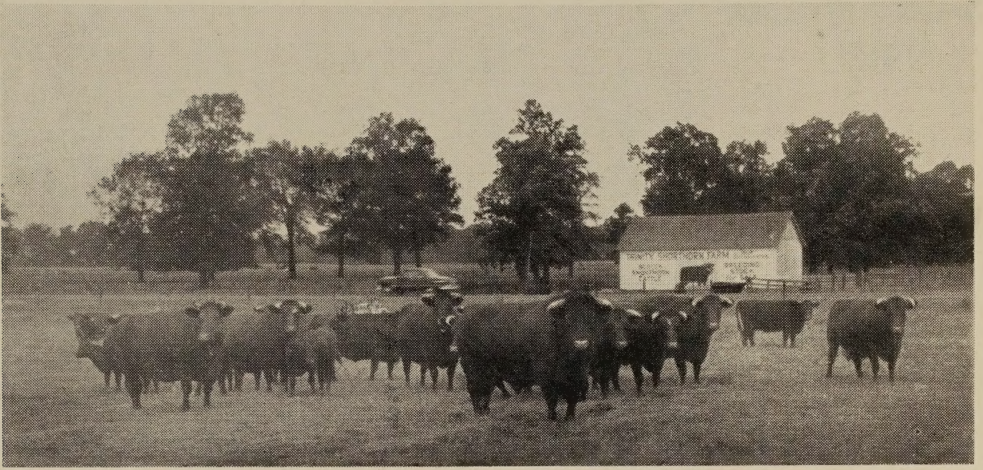

Sale Starts at 12:00 o'clock noon Eastern Standard Time

**26 very good, tested Holstein cows
will be included in this auction.**

**True Buckmaster, Owner
Lewis Laux, Manager**

HAL LONGLEY, Sale Manager

16 SOUTH LOCUST STREET, AURORA, ILLINOIS

This picture, taken at Trinity Stock Farm five years ago, shows Bombardier Ransom with a group of the brood cows.

It was with a feeling of great regret that I made the trip to Trinity Shorthorn Farm to prepare for this Dispersion Sale. No breed will ever have enough herds like this one, enough good cattlemen and careful planners like True Buckmaster, or enough efficient managers like Lewis Laux.

That those who attend this sale are going to like the cattle there can be no question. I came away with a firm impression that this was not only a well-bred herd but one that had been maintained on a most efficient and practical basis. The cows looked like the honest kind; they were all good mothers; the herd records were accurate; and there seemed to be every evidence of rapid production and good health.

Most important of all, there was equally conclusive evidence that the owner has been fortunate in his selection of herd bulls. Louada Commander was born to be a great sire and has lived up to his heritage. His calves are the right type, beautifully fleshed, with size, bone and substance. His bull calves are strongly masculine with good heads, his heifer calves attractively feminine, yet they all look like they came from the same mold. A great individual himself, Louada Challenger is only four years old. This bull and every one of his calves should go into strong herds so that the breed may reap the greatest possible benefit from this blood.

Distance should not be a barrier to attendance when such a large and useful herd goes under the hammer. The 18 bulls are excellent and there are enough of them to provide a wide selection. The 40 cows have 27 calves at foot. The 16 heifers are the kind upon which successful herds may be founded.

Dispersions provide great buying opportunities. All young cattle in this sale have been developed properly and are in good flesh. Older females are in the best possible condition to insure future usefulness. I like these cattle and I am certain the name Buckmaster in a pedigree will always be recognized for honesty and good business practices.

HAL LONGLEY,

of The Shorthorn World.

Hal Longley of The Shorthorn World and True Buckmaster, owner, check facts and pedigrees in preparation for the Trinity Shorthorn Dispersion.

Welcome!

Welcome to Trinity Stock Farm! Although my program has been altered by the sale of the land and what was originally planned as a production sale must now be a complete dispersion, I want to make it clear that my devotion to the Shorthorn breed is as strong as ever. I fully expect to acquire another farm suitable for cattle raising in the not too distant future and Shorthorns are certain to be a vital part of the program.

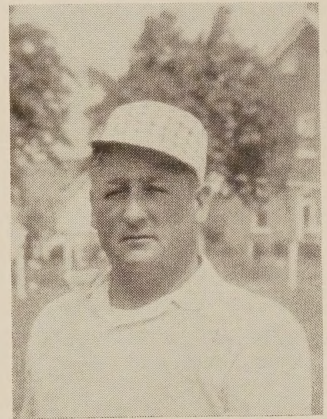

Building the herd at Trinity Shorthorn Farm has been a most interesting twenty-year experience. From the outset we have been cautious in our foundation and replacement selections, making certain always that the health, pedigrees and type of the cattle conformed to rigid standards. When mistakes were made, we did not wait to correct them. Many times we have gone through the herd for the purpose of weeding out the kind that we didn't want ourselves and didn't want to sell to others. The end results are pleasing to us and we believe they will be pleasing to those who attend this sale.

From our own experience and from observing the efforts of other breeders, we have learned that great sires are hard to find. We were fortunate enough to find one in Louada Commander. He has stamped each calf, both bulls and females, with a noticeable uniformity and family resemblance. We paid \$5,000 to secure him as an untried calf because he had exactly the breeding we wanted. He has now proved himself. His calves and yearlings will be here for you to see on sale day. They will speak for his ability as a sire.

No herd is ever better than the men who tend the cattle. It has been our good fortune to have Lewis Laux as manager at Trinity Shorthorn Farm. No man could possibly be more conscientious in his work; no man could be kinder to his charges; none could possibly be more painstaking regarding the health and welfare of the cattle in his care. Feel free to ask his opinion and advice on sale day.

With over 100 head in this sale, there is much to see. We hope you will arrive early for careful inspection. We will look forward with pleasure to seeing you.

—TRUE BUCKMASTER.

Lewis Laux, efficient manager of Trinity Shorthorn Farm.

Terms . . . Conditions . . . Guarantee

1. The terms of this sale are cash.
2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge, but at purchaser's risk of loss or injury. Cattle purchased in this sale may remain at Trinity Stock Farm until convenient for buyers to receive them.
3. The True Buckmaster Herd has been maintained under conditions that insure the proper development and good health of each animal. Located in a T.B. Accredited area, there has never been a T.B. reactor or suspect. Area tests for Bang's Disease, required by law in Indiana, have been conducted regularly. Calfhood vaccination for Bang's is practiced in this herd and we have been careful to see that any animals brought into the herd have been properly vaccinated. To comply with Indiana regulations, all mature animals included in this dispersion will have passed clean tests for Bang's disease and Tuberculosis within 30 days of the date of the sale and certificates of vaccination will be supplied for all young vaccinated females. Health certificates approved by the Indiana State Veterinarian will be supplied.
4. A certificate of registry and transfer will be furnished for all animals and properly signed applications will be furnished for the registry of all unborn calves.
5. The True Buckmaster Herd is backed by an enviable reputation gained through good management and honest business practices. The pedigrees are correct and the cattle are healthy.
6. Nearly every cow in the herd has a calf at foot or shows every evidence of being in calf. A final examination for pregnancy will be made 12 days prior to the sale and the results of these examinations will be printed and handed to each prospective buyer on sale day. Since states differ on health regulations, all buyers must be aware of the regulations in their own state.
7. As this is a dispersion sale, no guarantee will be given except in the case of the herd bull that is presently in service, namely, Louada Commander (Lot 1.) The owner will guarantee the above named bull to be a breeder if he is maintained in as good condition as when purchased. In case he fails to prove a breeder, notice must be given within six months of the date of this auction sale. The purchase price, without interest, will be refunded in case the above named bull fails to meet the guarantee and the disposal of this animal will be at the option of the seller.
8. Announcements from the auction block will take precedence over matter printed in this catalog. Footnotes appearing in this catalog were prepared by the owner.
9. The above terms and guarantee shall constitute a contract between True Buckmaster and the buyer of each lot. Neither the Sale Manager, the persons delegated as clerks, nor any other person has authority to alter the terms of that contract nor do any of them assume any liability, legal or otherwise.
10. Although every effort will be made to protect the safety and comfort of those attending, the owner, sale manager, clerk or auctioneer cannot be responsible for accidents that may occur. Every person attending must assume the risk of injury to himself. The sale manager was retained for specific tasks, promotional and clerical, and has nothing to do with the condition of the premises, handling of the cattle, fulfillment or guarantees, or possible errors on the health charts.

General Information

Location—This auction sale will be held at Trinity Shorthorn Farm, on Monday, Oct. 6, 1958. This farm is located 7 miles East of Bryant, Indiana, on State Road 67 (within one mile of the Indiana-Ohio state line.) The farm is easy to reach for buyers from North, East, South or West. The Trinity Herd is owned by True Buckmaster whose address is 125 West Main Street, Portland, Indiana.

Time—Due to the large number of cattle to be sold, this sale will start promptly at 12:00 o'clock noon, Eastern Standard Time. Prospective buyers are urged to come early for a careful inspection. Since the sale is to be held on a Monday, we hope visitors will arrive on the afternoon prior to the sale for a more leisurely inspection. We have not named any headquarters for this sale because there are several comfortable motels in the area. We recommend the following:

J. Motel, West of Portland on State Road 67. Phone, Portland 601.
Terrace Lodge Motel, 1 mile North of Portland on State Roads 27 and 67. Phone Portland 147.

These are modern, comfortable motels. Visitors may either write or call direct, or we will be glad to make reservations if you will let us know the number in your party and the kind of accommodations you want. Simply write or call Hal Longley, Sale Manager, 16 S. Locust St., Aurora, Ill. (Phone Aurora 68511) or True Buckmaster, Owner, 125 West Main Street, Portland, Indiana (phone Portland 819.) Portland is 45 miles south of Ft. Wayne, Indiana, and 30 miles northeast of Muncie, Indiana, both good rail and air traffic centers. We will be glad to meet sale visitors at either town if advance notice is given.

Those unable to attend the sale and who desire to do so may send buying orders to any of the following men who will be in attendance:

Hal Longley, care The Shorthorn World, 16 S. Locust St., Aurora, Illinois.

H. W. Walker, Eastern Fieldman, The Shorthorn World, 3906 E. 71st St., Indianapolis, Indiana.

E. M. Huff, Eastern Representative, American Shorthorn Association, Culpeper, Virginia.

Joe Gossard, care The Drovers Journal, Union Stock Yards, Chicago 9, Illinois.

Vaughn Lipp, Hoosier Farmer, Box 125, Huntington, Ind.

Auctioneers—C. D. Swaffar and Don Smock.

Note—Phone calls on the morning of the sale should be directed to Mr. True Buckmaster's office, Portland 819.

This picture, taken at Trinity Stock Farm, shows a group of 35 Canadians from Eastern Ontario led by W. P. MacDonald, County Agent, Petrolia, Ontario. These men inspected the Trinity herd, owned by True Buckmaster, and gave it a high rating.

Holstein buyers . . . attention!

Immediately following the close of the Short-horn Sale we will sell by auction 26 head of very good, tested Holstein nurse cows.

Here's What a staunch friend of the Shorthorn breed has to say about the Trinity Shorthorn herd . . .

I have had an unusual opportunity to observe the founding, growth and improvement of the Shorthorn herd on Trinity Farm. It has been my privilege to know the foundation cows and the additional purchases made. The herd bulls too, I have known from the beginning down to the present. The productions of the herd, also, I have known, the bulls and heifers sold in district, state and national sales; the steers and heifers sold to 4-H club members; the show herd and its achievements.

But in addition to knowing the cattle I have come to know the objectives which owner True Buckmaster and manager Lewis Laux have set for themselves and to understand somewhat the philosophy which permeates their entire Shorthorn operation.

First they aim to produce the kind of cattle that will be profitable for their customers. This means healthy cattle, good doing cattle with gaining ability and weight for age. As I have listened many times to True Buckmaster's ideas and ambitions on this point I have reflected that this is the same principle which motivated Amos Cruickshank, the great improver of the Shorthorn breed. His descriptive expression "rent paying cattle" should be remembered and pondered by all Shorthorn breeders.

Second they are striving for steady, continuous improvement. Each herd bull is expected to be better than his predecessor. Each female addition is selected with this same thought in mind. Any cow that does not regularly produce good calves is sent to market. Calves that do not measure up to the desired standard are put into the feedlot.

It has been a pleasure to see the development of this herd of cattle. It has not been a sensational or flash-in-the-pan record. Herds of that kind do not usually endure, and very few of them make any important contribution to breed improvement.

But Trinity Shorthorns have made steady and substantial improvement, they have attracted attention because of their intrinsic merits and they have achieved satisfactory show and sale records. And best of all the herd has built up a host of friends and satisfied buyers.

A herd of cattle is never any better than the person or persons behind it. It takes good people to produce good cattle. Because of its practical production program, its steady long time improvement program and because of the integrity and uprightness of its business methods the Trinity herd has become a herd to be reckoned with.

Parke T. Brown, Former Secretary
Indiana Shorthorn Breeders Association.

Calrossie Welcome, possibly the greatest sire of all time. Through his grandson, Louada Commander, his blood has been firmly planted in the Trinity Shorthorn herd.

***Why did we want
Calrossie Welcome
blood in our herd?***

Here's the reason . . .

Early in 1955 we were faced with the problem of buying a herd bull. We knew our future depended on this bull . . . so we studied. Our earlier herd bulls had done well for us but we wanted to be certain of further improvement in heads, bone, thickness, depth and color. Our study revealed the fact that the best breeders in the world, Scotland, Canada, United States, Argentina and Australia, were placing their faith in the blood of Calrossie Welcome. So we took the tip! Were we right in buying this blood? At the time of his death early this year, the records proved that during the seven year period from 1951-1958, fifty-five sons of Calrossie Welcome sold through the Perth Sale in Scotland for an average of \$6,372.00 and aggregated \$350,500.00. These included two supreme champions, Calrossie Prefect in 1952 and Calrossie Paramount in 1954. The influence of sons of Calrossie Welcome has been worldwide. Among the best have been Calrossie Armada through his use at Louada Farms, and Calrossie Constellation through his use in the Bapton Herd in Scotland. It is the blood of Calrossie Welcome through these two sons that is the feature of this sale. The picture of Calrossie Welcome appears above. You can see his pattern in every calf sired by Louada Commander and Bapton Constructor . . . and this catalog is full of them. We bought Louada Commander in October, 1955, and paid \$5,000 to get him. It was the best cattle investment we ever made.

The Queen Mother admires Calrossie Constellation being posed by Gordon Blackstock.

Here's what the manager of the famous Bapton Herd says about LOUADA COMMANDER

I was very pleased to see that you bought Louada Commander at the great Louada sale a short time ago, and I was pleased to see this calf on my visit to the Louada herd immediately after the Toronto Winter Fair. As you know, Commander is a uterine brother to Kirkton Hercules, our senior stock bull, and their dam, Rothes Carlotto, to my mind is one of the best females that has ever left Scotland. Had it not been for a misunderstanding, she never would have gone out of the country. Believe me, she would have ended her days in the Bapton herd, but there it is, our loss was somebody else's gain.

Louada Commander, to my mind, has the makings of a grand stock bull; not over-fitted. In fact, by our standards he is rather on the lean side as Mr. Wib Donaldson, Mr. Cadesky's expert manager, told me that they would rather sell their cattle under-done than over-done, and I couldn't agree with him more because we here at Bapton agree that it is more important how the animal does after it leaves you and goes to its new owner than when it is your property. I would think Commander's sire, Calrossie Armada, is easily one of the best bulls in the world and perhaps the most illustrious son of the great Calrossie Welcome. I remember well the year Grant Campbell bought him. Bob Adam of the Glamis Shorthorn herd and I agreed that he was the stock bull for him, but fortunately for Louada they were the successful bidders.

Kirkton Hercules, as you know, has been a great success in the Bapton herd. We purchased him to bring character and sweetness into our females and he has certainly done that as his many beautiful daughters in the herd today testify. I don't think there is a better head in the breed today than that on Kirkton Hercules, or a more docile or kindly beast I have never seen. I saw Kirkton Hercules when he was three days old and I thought he was the best thing I had ever seen. I was manager at Calrossie then but later that year took over the management of the Bapton herd. I saw Kirkton Hercules grow up and I told the late J. V. Rank that I reckoned he was the bull for us. We had to pay 5,000 gns. for him and with his first crop of calves he was the top breeding sire in Britain.

Wishing you all the luck in the world with Louada Commander. As I say, he may not be a show bull but with yon head and legs he is certainly a stock bull. I expect if Louada hadn't got an outstanding young full brother to him, they would never have sold him.

Yours sincerely,

W. Gordon Blackstock.

INTERESTED IN BULLS?

... GOOD BULLS?

The bulls listed in this catalog have never been priced to anyone! Scores of good judges have seen them at Trinity Stock Farm but the owner, True Buckmaster, has been steadfast in his determination to offer all of them in an auction. Originally planned as a Production Sale, the program now changes to a **Complete Dispersion** because the farm has been sold. What an opportunity! The sale will include 18 bulls, including the famous herd bull, **Louada Commander**, selling as single lots. Many others of equal quality will go free with their dams. Remember . . . they have never been priced to anyone. All prospective buyers will have an equal opportunity—plan now to attend . . .

BROADFIELDS BANADULLAE—We bought him because he was a choice individual backed by very rich ancestry. His bull calves sold quickly and did well for their owners. His daughters proved excellent breeders. Note that five females sired by him are included in this dispersion and that many of the better young animals are out of his daughters.

This is the head of Louada Commander, the 4-year-old son of Calrossie Armada that will sell in this dispersion along with his sensational calves. Who will be the fortunate new owner of this famous sire?

*Why did we want
this particular
son of
Calrossie
Armada?*

Here's the reason

LOUADA COMMANDER 2880-231—Sired by Calrossie Armada by Calrossie Welcome and out of Rothes Carlotta, a daughter of Naemoor Marshal and acknowledged everywhere as one of the most famous cows of the breed.

The great record that **CALROSSIE ARMADA** and his sons and daughters have made all over North America hardly needs repeating. With due regard for the many excellent judges who have selected his sons to head their herds, we are confident that Louada Commander is the most valuable son of Calrossie Armada because his dam is such a world famous cow.

The first calf produced by Rothes Carlotta, dam of Louada Commander, was Kirkton Hercules by Kirkton Baronet. Purchased at 5,000 guineas in the Kirkton Dispersal, Kirkton Hercules proved himself to be one of the greatest sires in Shorthorn history through his use in the Bapton Herd in Scotland. A book could be written about him. He won first prize at Perth in 1951. His first crop of calves gained him the honor of top breeding sire of Britain in 1953. His sons have won many top honors both in the show ring and as sires. A few of them have sold as follows:

Bapton Aurora	5,000	guineas	(\$15,000)
Bapton Control	3,800	guineas	(\$11,400)
Bapton Field Boy	3,500	guineas	(\$10,500)
Bapton Hercules	3,000	guineas	(\$ 9,000)
Bapton Golden Miller	2,800	guineas	(\$ 8,400)
Bapton Grand National	2,500	guineas	(\$ 7,500)
Bapton Cup Final	2,500	guineas	(\$ 7,500)

7 sons totaled23,100 guineas (\$69,300)

Bapton Aurora sired Bapton Controller, supreme champion at Perth. He also sired the champion group of three bulls by one sire which averaged \$7,000 each and gave Bapton Aurora the honor of top breeding sire of 1957. Kirkton Hercules females have all displayed wonderful character and have proved first class matrons.

After producing Kirkton Hercules, Rothes Carlotta produced a bull that sold at 5 months old to the Argentine for 1,500 guineas (\$4,500). Then she came to the noted Louada Herd in Canada. Her first calf produced in that herd was the top selling heifer in the 1955 Louada Sale at \$3,400 and is now owned by W. H. Merry she is proving a great breeder. Her second calf at Louada was Louada Commander. We purchased him at \$5,000 and we have never made a better investment. Next she produced Louada Challenger that sold at \$4,200 to Lang-Lawless Cattle Co. in Florida. Her last calf is a heifer by Bapton Constructor and Louada turned down an offer of \$5,000 for this calf before she was a year old.

He was planned GREAT . . . and IS great!

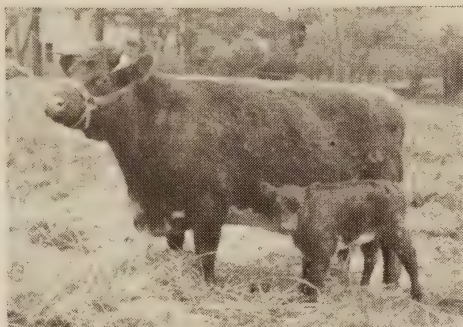

LOUADA COMMANDER

HIS SIRE

Calrossie Armada, famous Louada Farms sire, a son of the noted Calrossie Welcome. Sire of our chief herd bull, Louada Commander.

HIS DAM

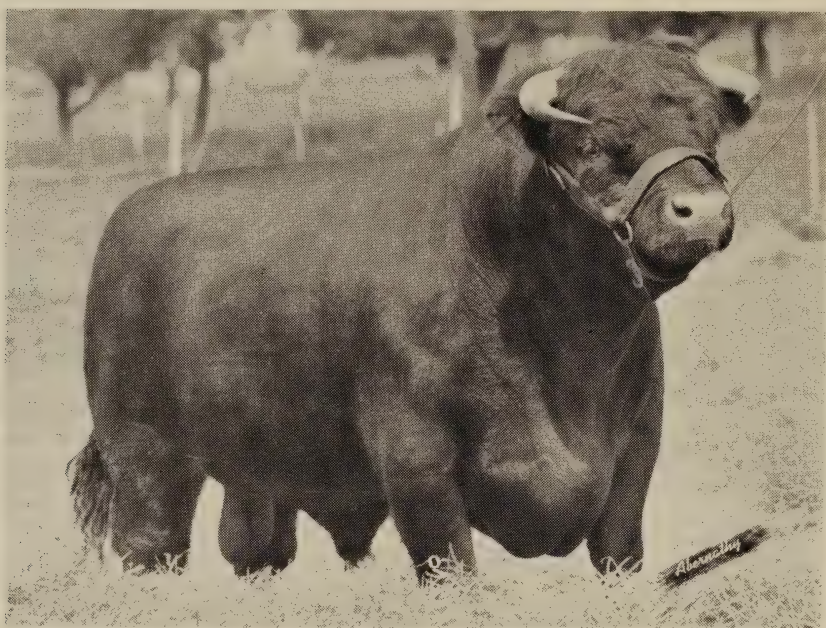

Rothes Carlotta, one of the most famous cows of the breed. She is the dam of the noted Kirkton Hercules as well as the dam of our herd bull, Louada Commander.

HIS HALF BROTHER OUT OF THE SAME DAM

Kirkton Hercules, one of Scotland's most famous sires. He is out of the same great cow as our herd bull, Louada Commander.

*Remember...Louada Commander sells in this sale
along with his eye-filling calves*

Louada Commander as he looks today in breeding form at Trinity Stock Farm. Now only four years old, he has proved himself one of the greatest sires in America. He was sired by Calrossie Armada and out of the famous imported cow Rothes Carlotta by Naemoor Marshal, she the dam of Kirkton Hercules, one of the greatest sires in Scottish history. Louada Commander INHERITS his ability as a sire from both sides of his pedigree. He will sell in this dispersion along with his eye-filling calves.

Seeing is believing!

Is Louada Commander the best breeding son of Calrossie Armada? As a sire is he living up to the reputation of his famous ancestry? Visit Trinity Stock Farm and see for yourself! Aside from some 25 nursing calves of either sex, you will see 13 mature bulls and 14 yearling and two-year-old heifers by him. All have bone and substance. All have size without any hint of coarseness. All have character, quality and style. All are beautifully balanced and beautifully fleshed. The bulls are strongly masculine with great heads. The females are beautifully feminine.

Yes . . . you will be convinced that Louada Commander is a great sire. He is only four years old. We bought him because we wanted the combination of blood he represented . . . Kirkton Baronet, Calrossie Welcome, Naemoor Marshall, Cruggleton Prince Bob, Cruggleton Perfect, and above all, Rothes Carlotta. He will carry this same blood to the herd of his new owner. No matter what he brings, he will be a wonderful investment because he has proved himself a truly great sire. It is our hope that he will go to a strong herd of cows where the Shorthorn breed can reap the greatest possible benefit.

Good as a calf . . .

Good when we paid \$5,000 to buy him . . .

Better now that he has proved himself one of the great sires of the day.

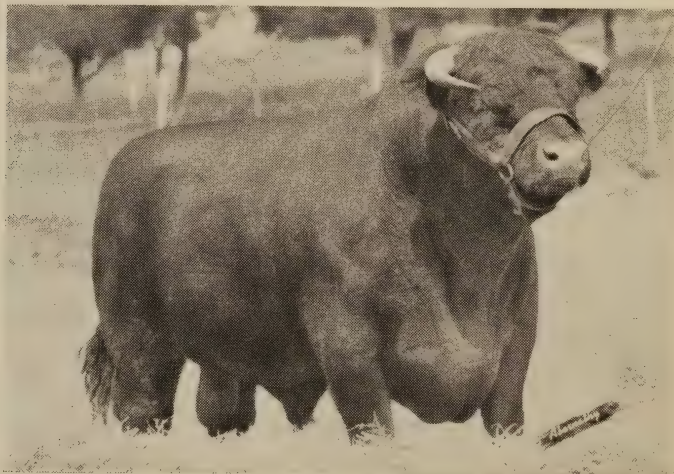

LOUADA COMMANDER
He looked GREAT
as a calf.

Left — Here's how Louada
Commander looked when we
bought him.

Right — and here's how
he looks today in work-
ing form at Trinity
Shorthorn Farm. See
him . . . see his calves
. . . they're sensational.

LOUADA DANDY—A two-year-old son of Louada Glorious by Calrossie Armada and we think well enough of him that we have used him considerably. He is a sure breeder and carries a great pedigree. We believe his dam to be one of the great cows of the bred. See his picture!

Here's how the Bapton Constructor twins were produced . . .

Gibbonsdale Waterloo Bertha, the dam of our famous Bapton Constructor twins. She will sell in this dispersion as Lot 19.

Bapton Constructor, \$50,000 herd bull at Louada Manor Farms in Ontario. Sire of Lots 3, 4 and 5 in this sale.

(Left) Trinity Constructor, Lot 3 in this sale.

(Right) Trinity Constructor 2d, Lot 4 in this sale.

Here they are . . . THE BAPTON CONSTRUCTOR TWINS

As far as we know, Trinity Constructor and Trinity Constructor 2nd are the first and only twin calves sired by Bapton Constructor, the famous \$50,000.00 herd sire at Louada Farms. They are out of the great cow Gibbonsdale Waterloo Bertha, Lot 19. Scores of visitors have seen and admired these calves. We have used both and have heifers in calf to them. Here is an opportunity to get a Bapton Constructor bull and be among the first to own a son of perhaps the greatest bull in North America today. His first calf offered, a heifer, sold in the Bapton sale in Scotland to Sandy Cross of Calgary, Alberta, at \$10,000.00. His second calf sold to Mrs. T. C. Stuart of Montreal for \$13,200.00 and the third calf went to Georgia at \$6,000.00 to the new herd of Mr. Leonard Buck. These two bulls are pictured on the opposite page along with their famous sire and dam.

This is an important sale for **BULL BUYERS**. Remember . . . a famous tried sire and 17 great younger bulls are to be sold. These are GOOD BULLS, thick, wide, rugged, all with good heads and plenty of size without coarseness. A dozen promising bull calves are also selling at foot with their dams.

Also, please remember . . . all female calves have been Bang's vaccinated. None except vaccinated cows have ever been brought into this herd. The herd has been tested regularly for T.B. and area tested regularly for Bang's. The cows LOOK healthy and are regular, rapid producers.

and here's another great Bapton Constructor calf . . .

Young, but full
of promise and
out of a wonderful
daughter of
Calrossie Armada

TRINITY CONSTRUCTOR 3d—A son of the \$50,000 Bapton Constructor and out of the great cow Louada Orange Trim that sells as Lot 20. Notice her footnotes! Where can you buy Bapton Constructor bulls, other than at Louada. We have looked over the Constructor calves at Louada and we believe they have the greatest bunch that we have ever seen by any bull. Remember, we are selling three outstanding sons of Bapton Constructor in this sale.

TRINITY COMMANDER 21st—This young bull is another example of the productive powers of Louada Commander. His dam, Clear Creek Lancaster 13th, sells as Lot 30.

The cows in the Trinity Shorthorn Herd are rapid producers and good mothers. Three of the beautiful matrons pictured above are included in this dispersion. From left to right they are: Crichton Rhuna Clara (not selling); Robinwood Rosebud (Lot 28); Louada Augusta Eva (Lot 21); and Gibbonsdale Waterloo Bertha (Lot 19).

The females in this sale are well bred and they are honest, hard working cows. Of the 40 mature cows selling, 27 of them have nursing calves and the others are well settled in calf. This is a good place to buy!

Four calves, all outstanding bulls, before she reached her fourth birthday. What a producer!

(Left) This is Gibbonsdale Waterloo Bertha, Lot 19 in this sale. Study her production record as described on the opposite page. No better brood cow will be offered anywhere this year.

(Right) Here they are . . . the famous twin bulls that will sell as Lots 3 and 4 in this sale. They were produced from the mating of the \$50,000 Bapton Constructor with the great brood cow, Gibbonsdale Waterloo Bertha.

(Left) This is Louada Dandy, produced from the mating of Louada Glorious by Calrossie Armada with the famous brood cow, Gibbonsdale Waterloo Bertha. He sells as Lot 2 in this sale.

A cow with an unbeatable record . . .

Gibbonsdale Waterloo Bertha. A daughter of Louada Marshal and bred similarly to Edellyn Loua Waterloo, Lot 26, on her dam's side. We purchased her from Louada Farms on October 22, 1956, at what we thought was a premium price. At the time we bought her she had at foot the bull calf Louada Dandy (Lot 2) born August 23, 1956, and she was rebred to the \$50,000 Bapton Constructor. Were we lucky or smart? She dropped twin bull calves on July 2, 1957, and these sensational twins are Trinity Constructor (Lot 3) and Trinity Constructor 2d (Lot 4). She now has at foot Trinity Commander 30th, a red bull by Louada Commander, born June 22, 1958. This is certainly a record . . . four calves, all great bulls, before the dam reached her fourth birthday. We do not want to brag but we think these calves will speak for the ability of this young cow. If those at the Louada ringside had known her producing ability, we are sure she would have topped that sale which had a female top of \$5,100. Do you know who advised us to purchase this cow? Nobody but Wib Donaldson. See her picture!

LOUADA ORANGE TRIM—This daughter of Calrossie Armada is out of an imported cow by the A. J. Marshall bred Cruggleton Affleck carrying the breeding of Cruggleton Perfect. We purchased her in October, 1957, at the third Louada sale, bred to Bapton Constructor and she calved Trinity Constructor 3d on December 1st. Study the names in her pedigree. Her dam, Orange Gem 2d, is a granddaughter of Cruggleton Perfect, a Perth champion, and this A. J. Marshall Orange Gem family was one of their best. It took Wib Donaldson to get breeding like this out of Scotland. She is rebred to Louada Commander June 19th. This family of cows produced Louada Fortress and Louada Gambler, the bulls purchased by Sandy Cross and Hi Ho Farms at \$7,000 and \$8,000 in the 1955 Louada Sale.

Louada Augusta Eva (Lot 21). Her outstanding bull calf, Trinity Commander 14th, shown with her, will sell as Lot 12.

LOUADA AUGUSTA EVA—Another young cow by Louada Marshal with the A. J. Marshall breeding on the sire's side and James Durno breeding on the dam's side. We paid \$1,800 for this heifer in October, 1956, and sold her first calf to Henry Burson, Montpelier, Ind. Her second calf, Trinity Commander 14th by Louada Commander sells as Lot 12 and is an example of her ability to produce. She was rebred to Commander on December 15, 1957, and will calve before sale time.

**and here's the kind of
bulls we are producing
at Trinity Stock Farm
through the use of
Louada blood.**

Right—Here are five of the bulls selling in our sale on October 6th. From left to right they are: Louada Dandy (Lot 2); Trinity Commander 13th (Lot 9); Trinity Constructor (Lot 3); Trinity Commander 5th (Lot 6); and Trinity Constructor 2d (Lot 4).

Here's the kind of bulls they produce and sell at LOUADA

Remember . . . three sons of Bapton Constructor will sell in our sale at Trinity Stock Farm.

Left—These bulls are being groomed for the sale at Louada Farms, Peterborough, Ontario, on October 27th. All were sired by the \$50,000 Bapton Constructor. Four of them are out of dams by Calrossie Armada. This same blood is featured in our sale.

CLEAR CREEK LANCASTER 13th—A young cow by the noted Kirkton Gambler that was used so successfully in the Marion Woody herd at Greentown, Indiana, he by Naemoor Marshal. She is out of a Robinwood Bombardier dam. These two bulls are perhaps the best that were used in the Clear Creek herd and Marion Woody told me that the Lancaster family of cows was one of his best. He also said that next to Kirkton Hercules, a maternal brother to Louada Commander, that Cruggleton Prince Bob was the best headed bull he ever saw. This young cow is the dam of Trinity Commander 2d (sold) and Trinity Commander 21st (Lot 18.) She was rebred on April 12, 1958, and is with calf. All of her calves are by Louada Commander.

LASLYNNTURN ORANGE BLOSSOM 2d—A daughter of Louada Gold Standard by Calrossie Armada out of a dam tracing directly to Kirkton Baronet. This heifer was bred on March 13th to Laslynnturn Constructor, a son of Bapton Constructor, Louada's \$50,000.00 herd bull. The dam of Laslynnturn Constructor is Killane Augusta Poppy, imported daughter of Blowmore Choice Goods, Ireland's leading sire and a bull that Captain MacGillivray made three trips to Ireland to try to buy for use in his herd. This heifer will certainly be a great cow.

KAIR NONPAREIL DAWN—Sired by the famous bull Beaufort Bolido whose dam, Orange Talisman by Cruggleton Perfect, was one of the breed's greatest cows. Her dam, a daughter of Bapton Commando, was imported from the Kair Farms in Scotland by Dr. Stapleton of Canada. Here is a great cow. She is the dam of one of the top bulls in this sale, Trinity Commander 13th, calved July 16, 1957, that sells as Lot 9. She is also the dam of a really great Louada Commander heifer, Trinity Nonpareil Dawn, calved May 10, 1958, that sells as Lot 33. She is in calf again since June 20 to Louada Commander. A very rapid breeder and still young, she can really put someone in the Shorthorn business.

SUNNYHILL ORANGE BLOSSOM 8th—This foundation cow was purchased from the William E. Parker & Sons' herd of Watford, Ontario. Her first calf paid for the cow and she has produced consistently. Her sire, Greenefarm Baronet, was by the great Edellyn Roman Mercury by Calrossie Mercury. On through her pedigree comes the Ransom breeding and Jim Douglas with the Browndale breeding. Naturally, she is a great cow. She is the dam of Trinity Mayflower 18th selling as Lot 16 and of Trinity Orange Blossom selling as Lot 46.

TRINITY ORANGE BLOSSOM—Here's a young cow by Bombardier's Ransom and from the Mercury cow Sunnyhill Orange Blossom 8th. Her first calf, a bull sired by Louada Commander, sold to Shafer & Jones, Winchester, Indiana, and has made good as a herd sire. She has a good heifer calf at foot, Trinity Orange Blossom 2d by Commander, calved April 8, 1958, and is rebred on June 21st to Louada Commander.

BRAEWOOD'S DUCHESS—A great producer, as you will note from her many descendants in the herd. She represents a combination of the breeding of the Congress sale champion, Divide Grand Duke and of Calrossie Mercury, perhaps the greatest sire in Edellyn's long history. She calved Jan. 16, 1958, to Louada Commander with a heifer calf, Trinity Duchess 7th, selling as Lot 48, and was rebred to Commander on March 31st. Someone will make a good buy on this cow and undoubtedly will get a good calf.

TRINITY DUCHESS 3d—This daughter of Bombardier's Ransom and the El-Ru Duchess cow by Broadfield's Mercury has produced two calves. One of them, Trinity Duchess 9th, will sell as Lot 55. The other, a red bull by Louada Commander, born June 20, 1958, will be at her side. She will be rebred to Commander. We believe this bull calf will attract the attention of every person who is interested in Shorthorn cattle by the bone and great head. This 3-in-1 proposition should really make a buy!

The heifers in this sale are outstanding. Here are five of them. From left to right: Trinity Duchess 5th (Lot 50); Trinity Clipper (Lot 34); Trinity Princess (Lot 24); Trinity Clara 3rd (Lot 42) and Laslynturn Zoe's Faith 5th (Lot 25). The first four named are daughters of Louada Commander. The last named heifer is by Louada Gold Standard, top son of Calrossie Armada.

PINE GROVE GLOSTER 25th—Another cow from the Cruickshank Duchess of Gloster family and purchased when a calf at the Rushville sale. She carries Edellyn Royal Leader breeding and her dam from a Millhills Jasper bull. She is a regular producer and is the dam of Trinity Commander 15th, calved Nov. 25, 1957, selling as Lot 13. She was rebred to Commander on Jan. 13, 1958. This should be another great calf.

We have patronized Louada Farms, Peterborough, Ontario, liberally for our seed stock. Why? Here are a few of the reasons . . .

1. We like the owner, Louis Cadesky. In our opinion, he is a real "Builder of the Breed."
2. We like the manager, Wilbur Donaldson, and have great faith in his judgment. His advice has been invaluable.
3. We think the Louada cow herd is the best in the business.
4. We believed in Calrossie Armada and have the same faith in Bapton Constructor . . . that's why we have so much of this blood in the Trinity Herd.

Here are a few other breeders who have also pinned their faith in Calrossie Armada blood:

Oklahoma State University, Hi Ho Farms, W. N. Anderson, Edellyn Farms, Carl H. Stander, Roy T. Johnson, Louis Wernicke, Nelson Farms, Wm. A. Fenley & Sons, W. H. Merry, Rowe & Co., Vaughn Moore, Avenel Farms, The Hickories, L. J. Lichty, Pancake Ridge Farm, Sandy Cross, Ben Studer, George Lasby, W. K. Barry & Son and many others.

B. W. Cooper, owner, and Amiel Auer, manager of the Cooper Farms Herd of Polled Shorthorns, inspected our calves by Louada Commander and purchased four services. They report that their polled calves by Louada Commander are TOPS.

*Are You Looking
For a New
Herd Bull?*

*If so, this sale should be
on your "must attend" list!*

Scores of prominent breeders are looking for herd bulls. All are seeking the "safe" kind, the kind that are certain to breed true to type and that will bring extra prestige and extra profits to their herds.

What greater assurance of safety can be found than True Buckmaster is offering in this sale? Eighteen bulls are listed. Featured are three sons of the \$50,000 Bapton Constructor and twelve sons of the \$5,000 Louada Commander, he produced from the mating of Calrossie Armada with the famous cow Rothes Carlotta, she the dam of the world famous Kirkton Hercules.

Come to the sale. Make a careful inspection. Note that Louada Commander marks every calf as his own. The uniformity is remarkable!

Here he is!

Louada

Commander . . .

**greatest breeding
son of the noted
Calrossie Armada.**

★ ★

**He will sell in
this sale
along with
his
eye-filling
sons and
daughters**

★ ★

Distance makes no difference when Shorthorns of this quality and breeding are offered in such large numbers.
